

Thank you from Prostate Scotland

Prostate Scotland would like to thank Chris Igoe for his brilliant initiative to so kindly hold this special charity golf tournament in aid of us —especially for the extra effort he has made this year. This is the second golf tournament that Chris has organised in aid of our work and we are thrilled to receive his continuous support. We'd like to extend our thanks to Lodge Newbattle 1063, the local businesses, individuals, organisations and lodges who are sponsoring tees, fielding teams, and donating prizes as well as to Kings Acre Golf Course for their assistance. *We hope you have an enjoyable day.*

Current COVID-19 plan

In line with guidance from Scottish Golf, the PGA and the R&A, these are guidelines that will allow you to play in the tournament at Kings Acre in the safest way possible. It is vitally important that we adhere to the guidelines set out below to ensure we keep the risk of any spread as low as it can be.

Course Access: to access the golf course initially, a golfer must;

- Have a pre-reserved tee time
- Not be displaying Covid-19 symptoms
- Not be in self-isolation.
- Not have been out of the country for 14 days prior to the date of play

Clubhouse Facilities

All doors will be open at all times to allow contactless access to the building. Bar, restaurant, changing rooms and toilet facilities are open. Sanitized trolleys and buggies are available to hire subject to availability.

Players should aim to arrive at Kings Acre no more than 20 minutes in advance of their allocated tee time.

There should be no socialising in the car park or any other part of the golf course. You must resist the temptation to mingle and observe social distancing. Please change your shoes and assemble your trolleys in the car park.

Once you are ready to play, please report to Chris Igoe in an orderly manner, one at a time. Chris will be next to the pro shop and will give you your sandwiches and scorecard from here.

Check In

You must check in for your round with Chris Igoe next to the pro shop.

There will be 2 metre queue markers outside the clubhouse entrance (1 entry point).

Exiting the clubhouse will be made via the doors opposite the men's changing rooms thus creating a one-way system highlighted by arrows.

Only 1 person at a time permitted in the pro shop.

Driving range tokens and snacks are available from the pro shop.

Card and cash payments will be accepted, however, contactless card is preferred.

There will be a two metre exclusion zone at the pro shop desk for staff safety.

Thank you for taking the time to look at our COVID-19 plan, and remember, it's in place for everyone's safety.

Please note the photo on the front cover was taken before social distancing measures were in place

Charity Golf Tournament 2020

Welcome to the Charity Golf Tournament 2020

I would to thank everyone for taking part in this charity tournament in aid of Prostate Scotland which is a charity close to my heart.

The reason behind me doing this tournament is most down to the fact my dad is currently battling prostate cancer. Luckily he got checked and caught it early but he is one of the few fortunate people that caught it early enough to treat because he was aware of the possible life threatening problems prostate cancer can bring.

Thanks again and enjoy your day.

Regards

Chris Igoe

Format: Best 2 stableford scores from each hole go down on your card

- Playing of the WHITE TEE'S
- No gimmies when on green
- All golf rules must be obeyed at all times

Thank you to the businesses and organisations for their generosity in sponsoring the tees today

1. Lodge St John Fisherrow 112

Brief History of Lodge St John

Lodge St John Fisherrow was Chartered on 15th March 1768. The original charter is displayed in the Temple today and was signed by Brother The Right Honourable, 8th Earl of Dalhousie, Most Worshipful Grand Master Mason.

At this time there were two other lodges active in Musselburgh, Lodge Aitcheson Haven, and Musselburgh Kilwinning. Lodge Aitcheson Haven, in existence since 1555 had the oldest known minute book, now displayed in Grand Lodge.

The lodge is unique in that we open in the third degree and all present are tested before the lodge is opened. Our ritual is also unique, being an American ritual used only by a few lodges in Scotland.

2. Lodge Liberton 1201

The Lodge was first formed within a year of the end of the Great War (1914-18), from Brethren who had become friendly whilst serving together in the local Volunteer Defence Corps. When the war ended, and the platoon faced disbandment, those who were Freemasons realised that the formation of a local Lodge would serve to continue their comradeship.

From 1919 until 1965, Lodge Liberton met in the Anderson Hall, belonging to Liberton Kirk (whose outline forms the Lodge crest) The Lodge then acquired a small hall in Mount Vernon Road Edinburgh, some 200 yards away, and, after extending the hall, has met there to this day.

Although many of the Lodge members are still drawn from the former villages of the Liberton and Gilmerton area, just as those villages are now part of the City of Edinburgh, so the Lodge has a much wider outlook and welcomes visitors from far and wide.

17. Lodge Rosslyn St Clair 606

The Lodge is situated in the small town of Roslin some 7.5 miles south from Edinburgh City centre and is so called, along with six other Lodges in Scotland, after William St. Clair of Roslin, the first Grand Master Mason of the Grand Lodge of Scotland.

The Lodge was granted its charter on 7th May 1877 and held the first meeting in the original Inn, College Hill, adjacent to the world famous Rosslyn Chapel. The present Lodge rooms, having been the public hall, have been owned by the Lodge since 1920; the previous meeting places enjoyed by the Brethren have included, the Inn, Rosslyn Castle and Creelha in Manse Road.

All Brethren are most welcome to visit without making any prior arrangement or introduction. Various social evenings are supported by the Brethren and guests but everybody is welcome to join us.

Also available are items of Lodge memorabilia such as Millennium Jewels, Mark tokens, ties, bone china mugs, cuff links, tie pins and lapel pins.

17. Lodge Rosslyn St Clair 606—continued

Assistance is available to Brethren wishing the visit Rosslyn Chapel.

21 Main Street, Roslin, Midlothian, EH25 9LD

18. Lodge Gorebridge Dundas 1039

At the turn of the century there seemed to be quite a number of lodges springing up all over the country. Indeed in our own Province of Midlothian no fewer than four lodges had petitioned Grand Lodge of Scotland for charters within a comparatively short time of one another.

Before the lodge was formed, a number of the brethren, (who were later to become founder members), attended Lodge Dalkeith Kilwinning No.10. It may be interesting to note that Lodge Dalkeith Kilwinning No.10 applied to Grand Lodge of Scotland for a dispensation to hold a meeting in Gorebridge for the purpose of conferring the F.C. degree on 13 local brethren. Grand Lodge granted permission and the meeting took place in the Inn at Gorebridge. It was mention, the holding of this meeting in Gorebridge because of its significance, for soon after this, Grand Lodge banned Floating Charters and this was the forerunner of the forming of a Masonic Lodge in Gorebridge.

The brethren got together soon after this and agreed to petition Grand Lodge for a Charter and that the name of the Lodge be Gorebridge Dundas. The reason for this was obvious, Sir Robert Dundas, First Baronet of Arniston being a great benefactor to the village and also was a Past Master of Lodge Dalkeith Kilwinning No.10.

Sponsor of Putting Green: Northern Steeplejacks— continued

being able to completely project manage operations for both large and small businesses alike.

Our experienced Engineering Department have carried out and project managed some of the most complex engineering works in the UK, as well as working with consultants on various Engineering Projects.

Our extensive experience in Access Solutions means that no job is impossible.

Sponsor of Practice Area: Lodge Newbattle St Mary 1063

During the year 1909, 32 founder members signed a petition for a Charter, to erect a new Lodge, to be designated Lodge Newbattle St. Mary 1063. Some neighbouring Lodges, in the surrounding area, voiced their concern that this could be detrimental to them, and their membership. However, Lodge St. Leonards, Loanhead and Lasswade 580, and Lodge Dalhousie Bonnyrigg 720, sponsored the petition.

At a Quarterly Communication of Grand Lodge, held on 4th November 1909, the petition, proposed by the R.W.P.G.M. of Midlothian, Bro. Col. Lewis M. Hope CB, ADC, and seconded by Bro. Munro Denholm was presented. A large majority granted a Charter.

The first Master Elect of the Lodge Bro. Mungo Mackay, (general manager of the Lothian Coal Company, and a much feared man within the mining community), and the proposed Office Bearers, met the very next evening, Friday, 5th November, in the United Free Church, when Lodge furniture, clothing, and colours were selected. The following Tuesday, 9th November, and each Tuesday thereafter, until the Consecration, Erection, and Installation of Office Bearers, on 1st December 1909. The R.W.P.G.M. and his Officers performed the ceremony. The R.W.M. Bro. Mungo Mackay remained in this Office for three years.

About Prostate Scotland

Prostate cancer and disease are unfortunately more prevalent than many people may realise. Nearly one in two men in Scotland is likely to get prostate disease at some stage in their lives, and one in ten may develop prostate cancer. Prostate Scotland was set up to create awareness of and provide men and their families with information and support about prostate cancer and disease. We know how vital it is for men and their families to receive information and support, especially those coming new to the topic or after a diagnosis.

Prostate Scotland is Scotland's prostate disease charity (Charity No SC037494). We were founded by a group of people with personal knowledge and experience of prostate disease, as well as some of the leading medical experts on prostate disease and cancer in Scotland. In November 2017 we were awarded Health Charity of The Year in the Charity Champions Awards. We:

- provide a range of information for men and their families and partners,
- hold events and develop awareness materials about prostate cancer and disease.
- promote research and treatment developments on prostate issues across Scotland

Through the support of our kind supporters over the past few years we have developed:

- the first comprehensive website in Scotland providing information for men and their families about the full range of prostate diseases including prostate cancer which is at www.prostatescotland.org.uk.
- an award winning range of information about prostate disease and its treatments including helpful guides about prostate cancer and disease and their treatments,
- an awareness initiative across Scotland called Pull Your Finger Out—to help encourage greater awareness and earlier diagnosis
- a Workplace Initiative to reach men and their partners through the workplace
- a successful appeal to help bring about and support robot assisted prostate cancer surgery in the east and west of Scotland

If you or someone you know requires information about prostate cancer and disease then please go to our website prostatescotland.org.uk, phone us on 0300 666 2036, phone us at info@prostatescotland.org.uk, or write to us at Prostate Scotland, 14 Torphichen Place, Edinburgh EH3 8DU.

Information on coronavirus and prostate cancer

We've developed a series of online documents on COVID-19 and prostate cancer to help provide information and support for men and their families at this difficult time. Our full range of information and awareness materials is also available in the Resources section of our website.
